- Andersen, V. Steen and Wessels, P. P. M.: "The maize stalk borer (*Busseola fusca* Fuller) and its control in South Africa." Page 276—285.
- Austin, M.D.: "Some Observations on Pest and Disease Control in English Orchards." Page 296—311.
- Baas, J.: "The Mediterranean Fruit Fly *Ceratitis capitata* Wied. in Central Europe (Part 2)." Page 113—140.
- Bender, E.: "On the use of Folidol Oil for bud-burst spraying."
- Blaszyk, P.: "Efforts to introduce late blight controls between the Weser and the Ems, and the difficulties involved." Page 1—6.
- de Fluiter, H. J.: "Control of aphids to prevent virus spread in strawberry crops." Page 257—275.
- Franssen, C. H. J.: "Relations between time of controls and phenological data with respect to several pests occurring on peas and beans." Page 22—28.
- Gilles, G.: "Biology and control of *Botrytis cinerea* Pers. on strawberries." Page 141—168.
- Lanier II, J. A.: "A summary of field results with Guthion in North America." Page 285—296.
- Moilliet, P., and Müller, G.: "On the control of late blight in Switzerland." Page 6—13.
- Niemöller, A.: "Trial controls of late blight in Rheinland-Pfalz, 1950—1958." Page 13—17.
- Philipp, W.: "Folidol Oil for controlling San José scale." Page 317—320.
- Redenz-Rüsch, I.: "Studies of the insect pest and predator fauna of an orchard in 'Bergische Land', and the influence of pesticides on this fauna." Page 169—256.

Reinken, G.: "Studies on the effect of the fungicide Tuzet on shoot growth and fruit of different apple varieties." Page 100—112.

Roesler, R., and Schneider, H.: "Gusathion for controlling scale insects on evergreen ornamentals." Page 312—316.

v. Rosenberg: "Report on the application of different insecticides for the first pre-blossom spraying and the use of oleo-phosphoric esters for the second pre-blossom spraying, 1958." Page 20—22.

Roth, G.: "Effect of mercury seed dressings on the health of seeds and seedlings of various crop plants and on the physiology of young plants." Page 53--99.

Weltzien-Stenzel, M.: "Studies on the germination biology of conidia of *Uncinula necator* (Schwein.) Burr." Page 29—52.
